

LFX Master dim

Specs

General

<i>output channels</i>	one
<i>operation voltage</i>	autosense 100-240 VAC 50/60 Hz
<i>temperature range</i>	-20°C...40°C (-4°F... 104°F)
<i>dimensions</i>	170 x 125 x 125 mm
<i>weight</i>	1.75 kg (3.9 lbs)
<i>max. output power</i>	10 Amps @ 230VAC 50 or 60 Hz: 2.3 kW @ 110VAC 50 or 60 Hz; 1.1 kW

HD effect presets

fire, candle, TV, strobe

<i>resolution preset</i>	24 fps on default value
<i>transitions</i>	shapes edges of a curve hard, medium or soft

Strobe t= 67.5 msec ...28 secs, aspect ratio 50%

We are designing flicker boxes since more than 20 years based on our experience on location & passion for electronic engineering.

Watch sample film clips on our website of each effect & find detailed information.

LFX Master DMX

Specs

General

<i>output channels</i>	three
<i>operation voltage</i>	6 - 32 VDC, 200 mA, PSU included
<i>temperature range</i>	-10...65°C (14°F... 149°F)
<i>dimensions</i>	200 x 110 x 86 mm
<i>weight</i>	650 grams (1.4 lbs) w/o PSU
<i>DMX sockets</i>	5-pin XLR
<i>DMX protocol</i>	USITT DMX-512-A

HD effect presets

fire, candle, TV, welding, „broken“ fluoro, strobe

<i>resolution preset</i>	24 fps on default value
<i>transitions</i>	shapes edges of a curve hard, medium or smooth

Device presets for DMX output

Pre-defined DMX set-up

- for **Kino Flo**: Freestyle LED, Select LED, Diva-Lite LED, Celeb LED, Parabeam, Parazip
Modes available: White, Gels/Hue, RGB
- for **Arri**: SkyPanel, L5-C, L7-C, L10-C, Broadcaster 2+
Modes available: CCT, Gel, RGBW
- generic 2-channel LED device
- 12-channel tungsten dimmer
- custom DMX channel configuration for all others

DMX input presets

- Separate dim (max & min) control for CH 1, 2, 3
- remote control via DMX
- arbitrary allocation of DMX patches or functions

Use the LFX Master DMX as an inline device in an existing DMX universe.

The Best Flicker Boxes

Natural looking
lighting effects of
Fire, TV, welding & more

LFX Master dim

Universal Flicker Box

Fire - Candle - TV - Strobe

The most easy way to create natural looking lighting effects.

Plug & play on any mains power (100 – 240 VAC) for worldwide operation.

- HD flicker curves
- autosensing 100 - 240 VAC 50 & 60 Hz
- built-in 10 Amp dimmer

It's fun to create LFX - with the **LFX Master dim**.

* requires DMX dimmer pack

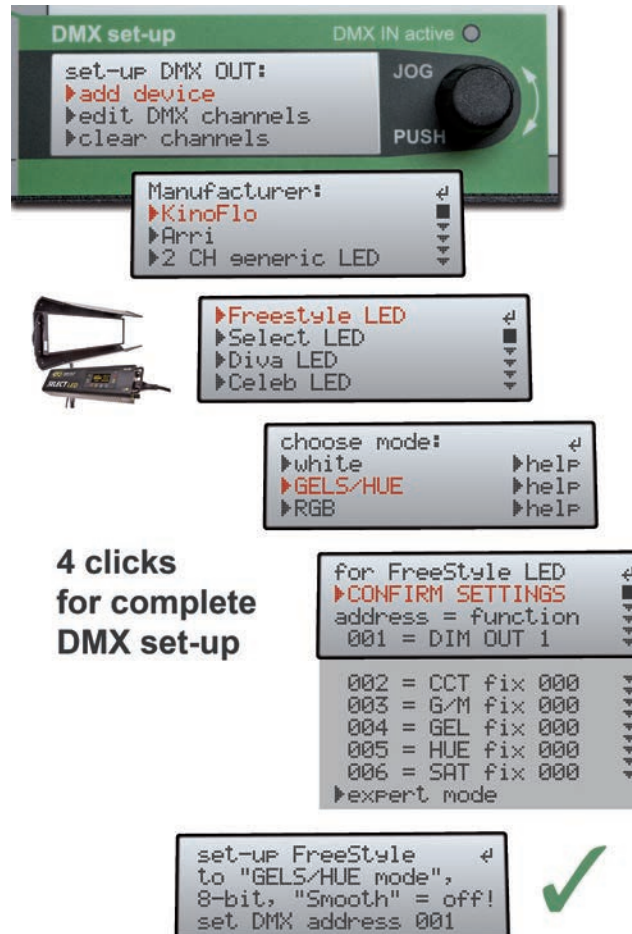

LFX Master DMX

Most Versatile

Create the highest quality of lighting effects with multiple LED fixtures, fluoros and tungsten*.

Three channels are perfect for fire with flickering shadows or TV-RGB effects.

Device presets allow for quick set-up of the DMX-512 communication.

Most Powerful Flicker Box

Fire - Candle - TV - Welding - „broken“ Fluoro - Strobe

- HD flicker curves
- DMX-512 OUT & IN
- LED fixture presets
- three output channels
- arbitrary DMX patching
- DMX input presets
- remote control via DMX
- battery operation
- iPad remote control

It's fun to create LFX - with the **LFX Master DMX**.
