

RC4 Wireless

The most trusted wireless dimmers

RC4 Wireless devices turn theatrical props, costumes, and set pieces into wirelessly DMX-controlled lighting fixtures. With best-in-class wireless control, all your gear is integrated in your scenes and cues.

RC4 Wireless has been the market leader in wireless dimmers – experienced, solid and reliable. These are our sophisticated dimmers with RC4Magic and Lumenradio/W-DMX technology since 30+ years.

**Transform your creativity into sparkling new events –
never forgotten experience for your audience.
RC Wireless does that.**

- ✓ Secure
- ✓ All-in-one
- ✓ Wireless DMX-512/RDM
- ✓ DC Dimmer built-in with 2, 4 or 6 channels
- ✓ 5 – 35 V DC operating voltage
- ✓ Max. Output power up to 42 Amps
- ✓ Versatile applications
- ✓ Tiny & light weight

The board operator thus integrates props, costumes or entire stage sets into his cues as wirelessly remote-controlled objects.

Movie-intercom: exclusive distributor for RC4 Wireless products in Europe (excl. UK).
